GIN

A few of our favourites from our large selection

No.3 - 46% £9.80

No.3 is distilled to a proprietary recipe of Berry Bros. & Rudd, London's oldest wine and spirit merchant. The name No.3 refers to an address in St. James's Street, London, which has been their home since 1698. Created to be the last word in gin for a Dry Martini it features juniper at its heart and celebrates the character of a classic London Dry Gin with six perfectly balanced botanicals distilled in traditional copper pot stills.

BATCH WHINBERRY - 40% £10.25

Produced in Burnley this local distiller has created a gin with a combination of 12 botanicals which has been aged in former cognac barrels with whinberries, giving the gin a luxurious fruity note with undertones of lime and long pepper. We recommend this served with Fever tree Mediterranean tonic

SIPSMITH VJOP - 57.7% £11.70

The perfect choice for juniper heavy fans of gin, with or without tonic, it will certainly warm the heart in the cold winter months. A favourite for many as a traditional gin martini. We recommend this served on the rocks or with Fever Tree aromatic tonic for a classic pink gin.
